*   This is the first release of the new Tilt Recordings imprint
*   featuring two tracks by very talented musician and producer
*   Budoka from Darmstadt/Germany. Delivering new ideas in shape
*   of individual beat-arrangements and moving basslines,
*   "Mindwalker" and "Phenomenia" show deeper affairs with
*   detailed build-ups and minimal, rolling business.
*   Budoka has been playing guitar in several bands for more than
*   ten years, was experiencing acoustic drums, started deejaying
*   for Phishmaol Crew in 1996 and produces Drum N Bass since 2000.
*   Together with Eli MC he releases Hip Hop as "Oberton"
*   on their own label Traumsoldaten Records.
*   Later releases on Tilt Recordings will feature more technical
*   inspired dancefloor oriented Drum N Bass from german artists.
